Jean Thomas  
Julie Smith  
Mike Smith  
Chris McNichol  
Mark Paikoff  
Walt Cressler

## Agenda

- Sidewalk vs street trees. Update from the CDC
- Public comment
- Adjournment
- Resident request/Tree Evaluation/Ride around
  - 401 & 412 W State Street - for removal
  - 2 trees on S. Olive between State Street and Baker Street adjacent to Arianos. Anthony, the owner of Arianos, is asking for both to be removed due to the ongoing problems of pedestrians slipping/tripping on the seeds (I believe Gum trees?). Apparently there have been some nasty falls over the years.
  - Parking lot behind Firehouse - Crepe Myrtles (Matthew Hatton)
  - 415 S Orange Street - Brent, Media Real Estate 240.753.9828 Tree in the ROW has a root that is coming through the brick sidewalk. They are trying to lay a new sidewalk (brick) and want to cut the root.
  - 500 N Olive Street - Two trees, one dead and one Bradford Pear. Both very small and not doing well. Homeowner would like them replaced. Overhead wires.
  - Front and Edgmont Sts. - Leaning Oak
